PRESTIGIOUS COMMERCIAL SPACE IN STRATEGIC LOCATION

RIVA DEL GARDA - (TN) - TRENTINO ALTO ADIGE

€ 3,500.00

In a location of strong vehicular and pedestrian traffic, characterised by a high concentration of residences, commercial activities and gastronomic points of interest, we propose a large space located on the street-front floor of an elegant building of recent construction, a few steps from the city centre. The strategic position, combined with the population density and the constant influx of tourists in the area, makes this location ideal for starting or developing any type of business activity. The space offers great visibility due to its location on a main road and is perfectly suited for shops, showrooms, offices or services to the public. Don't miss the opportunity to secure a high-level property in one of the most dynamic and attractive areas of the city. It is also possible to divide the space into two separate shops. For more information and to arrange a visit, contact us now!
