TENNO - TENNO (TN) - TRENTINO ALTO ADIGE

€ 230,000.00

In the wonderful old town centre of Tenno, a picturesque location just a few minutes from Riva del Garda and very close to Lake Tenno, we offer a charming, large rustico for renovation. The area, which is very quiet, offers a healthy lifestyle, fresh air, walks in the green and numerous cycle paths in the woods. The property is on 4 levels and enjoys 3 independent entrances, allowing for the creation of several independent living units. On the top floor there is a large terrace with a view of the historic centre. A parking space and appurtenant land adjacent to the property complete the property. This property is perfect for history lovers, as every corner of the building has a story to tell. The charm of the past reigns supreme and the right touch of renovation will give this property the lustre it deserves. The final uses can be varied: a single dwelling, several dwellings or a charming bed & breakfast, in an atmosphere of yesteryear. We strongly recommend an on-site visit to fully appreciate the potential of this property!
