In a small building under construction, exceptional ground floor flat with garden. The composition envisages the possibility of a four-room apartment with two bathrooms. In particular, the entrance leads to the south-facing living area, which is bright thanks to the large windows. Three bedrooms and two bathrooms, one of which is windowed, complete the distribution, together with a small niche storage room at the entrance. The garden surrounds the entire perimeter of the property in a pleasant and proportionate manner. Garage and cellar in the basement. High-quality finishes and total assistance for this property purchase under construction and to be delivered by the end of 2025. More information at 0464559993 or info@rivahouse.it
