If you are looking for the perfect balance between modern construction technologies, maximum brightness and the freedom to create the house exactly as you have always wanted it, this is the property for you. Within our new, energy-efficient construction site, we offer for sale a splendid second-floor apartment, characterized by an extraordinary exterior and a high-level distribution of spaces. The property, currently under construction, stands out for its unique details: an open, modern living room with an open kitchenette, bathed in natural light thanks to its direct connection to the outside. A very large corner terrace with direct access from all rooms (living area and rooms), which provides total continuity between interior and exterior and a unique outdoor space to live at any time of the day. Main double room designed as a true hotel suite, complete with private walk-in closet and en suite bathroom. A well-proportioned second room, ideal for children, guests or smart working studio, served by a second bathroom for use in the living area. A very useful laundry/pantry space for maximum daily convenience. Appurtenances included: private garage owned and convenient cellar of relevance. Still under construction, the apartment is a true blank canvas: you have the opportunity to modify the interior layout to perfectly suit your lifestyle and choose the finishes (floors, upholstery, sanitary ware and doors) from a rich, high-quality specifications. A prestigious and functional solution, perfect for those who do not want to give up any comfort. Contact us now to schedule an office appointment, view the floor plans, and start designing your new home!
